

School Accountability and Educational Options Notice – 2019-2020:

According to State Statute, the Elkhart Lake-Glenbeulah School District is required to notify parents of the educational options available to children who reside in the resident school district. This requirement also requires notification of the school's accountability report.

Our 2017-18 data can be located at the following link: <https://dpi.wi.gov/accountability/report-cards> or by searching "school report card" on the Department of Public Instruction website. In addition, our website (www.elgs.k12.wi.us) contains links to this information in the left panel under the District tab.

As a district and as schools individually, ELG continues to perform extremely well. For the first two years report cards were issued (2013, 2014), both the high school and elementary/middle school rated as schools that "Exceed Expectations" and as a District, ELG earned the same rating. Due to legislative action and changes in the state assessment, no report cards were issued in 2015. ELGS again did well in 2016. As a district, we were rated as "Exceeds Expectations." The elementary/middle school received the highest rating of "Significantly Exceeds Expectations" and the high school received the rating of "Met Expectations"—missing the level of "Exceeds Expectations" by .4%. In 2017, the elementary/middle school maintained the "Significantly Exceeds Expectations" rating and both the District and high school were rated at "Exceeds Expectations." For 2018, the District continued to receive the rating of "Exceeds Expectations"—missing "Significantly Exceeds" by 1 point! The high school ranked as "Meeting Expectations" and for the third year in a row, the elementary/middle school received the highest ranking of "Significantly Exceeds Expectations." All quite note-worthy achievements!

For 2019, the District continued to receive the rating of "Exceeds Expectations"—this time missing "Significantly Exceeds" by .5 points. We're getting closer each year! The high school ranked as "Exceeds Expectations" and for the fourth year in a row, the elementary/middle school received the highest ranking of "Significantly Exceeds Expectations."

While the report cards reflect only a small component of ALL that happens in our District each day, we are proud of the ratings we received and believe it reflects the efforts put forth by our students, staff, parents, and community in supporting the educational experience for our District's children.

Similar to the School Report Card, the District Report Card provides valuable information on how our district is performing—identifying what we do well and where we can improve. It provides us with a broader, district-wide perspective that supplements and enriches the information found in each individual School Report Card. The School and District Report Cards are intended to help all districts get a better picture of how they prepare graduating students for college and careers.

We are including a comparison ranking in this notice which shows our comparables on the most recent District level report card. Included are nearby school districts and/or those in Sheboygan County. Scores reflect the Districts' Overall Accountability Score. The top chart outlines the Scoring Scale used by the DPI to determine Ratings and Categories.

To see how we compare at the school level or in relation to other districts in the state, all report cards can be accessed at <https://dpi.wi.gov/accountability/report-cards>.

Rating	Score	Stars
Significantly Exceeds Expectations	83-100	*****
Exceeds Expectations	73-82.9	****
Meets Expectations	63-72.9	***
Meets Few Expectations	53-62.9	**
Fails to Meet Expectation	0-52.9	*
