

COMMUNITY SERVICE DAY January 1st - December 31st

One of the many goals of ELGS is teaching our students the importance of becoming good citizens. As members of a smaller, caring community, our students can see firsthand the immediate benefit of contributing to its overall betterment. Examples include elementary children interacting with older residents at Cedar Landing, singing carols while decorating Christmas trees in the village, and participating in food drives and charity fundraising events. An integral part of the 7th grade curriculum is the local "Adopt a Buddy" program with residents of Rocky Knoll, while the 6th graders focus their efforts on addressing global concerns. Through fundraising, they have helped the preservation of endangered animals and provided clean drinking water in Africa. Being a contributing member of society continues into high school where Community Service Days are scheduled for students to volunteer with local charitable organizations and events. Students willingly take the initiative to demonstrate their spirit of giving throughout the year. At ELGS, 20 hours of community service is a graduation requirement—easily exceeded by most students!

Learning to "give back" has long-lasting benefits. The community appreciates the students' efforts and has been more than willing to return the favor. It's what makes Elkhart Lake-Glenbeulah such a great spot to raise and educate a child. To find out more, please contact either school principal, Debbie Hammann or Ryan Faris.
